EXPERIENCE

Importrust, *Freelance Software & Data Engineer* 07/2025 – 07/2026

- Built a vehicle data ingestion pipeline across **7 European marketplaces**, processing **1.7M+ listings** with weekly refreshes.
- Automated vehicle matching and price comparison, replacing manual cross-marketplace searches and **speeding up customer savings estimates**.
- Prototyped a **conversational AI customer-support system** and identified latency limitations that prevented deployment.

jeKnowledge, *Junior Developer → Senior Developer* 03/2024 – 07/2026

- Led 2-person development teams as Project Manager for both internal and external projects, coordinating **planning, task allocation and delivery**.
- Contributed across frontend and backend development to **multiple full-stack products from requirements to deployment**.

Neuraspace & University of Coimbra, *Undergraduate Research Assistant* 10/2024 – 03/2025

- Optimized space-debris collection routes using Genetic Algorithms, evaluating alternatives for debris from the **Iridium 33 satellite**.
- Selected for a **6-month research grant in Evolutionary Computation**, conducted with Neuraspace under Prof. Nuno Lourenço.

EDUCATION

University of Zürich, *MSc in Informatics | Major in Artificial Intelligence* 09/2026 – Present

Relevant Coursework: Reinforcement Learning, Foundations of Data Science, Vision Algorithms for Mobile Robotics, Advanced Topics in AI

ETH Zürich, *Special Student* 09/2026 – Present

Relevant Coursework: Image Analysis and Computer Vision, Technology Entrepreneurship

University of Coimbra, *AI: Financial Markets and Blockchain* 09/2025 – 01/2026

(Average Grade: 17/20)

University of Coimbra, *BSc in Computer Engineering* 09/2023 – 07/2026

(Average Grade: 16/20 — Top 10%)

RELEVANT PROJECTS

VozSaúde Telehealth System, *AI Engineer & Developer (Social Innovation — "Arrisca C" Competition)*

- Built a telehealth system allowing elderly patients to communicate with doctors through **voice-to-email and email-to-SMS workflows**.
- Built a Flask backend integrating **Whisper and LLaMA** with **Twilio** and custom email pipelines for automated transcription and response processing.

Python, Flask, Groq API (Whisper, LLaMA), Twilio, SMTP/IMAP

Human Activity Recognition System, *Data Scientist & ML Engineer (Academic Project)*

- Built an ML pipeline to classify human activities from **wearable-sensor time-series data**.
- Performed feature engineering and trained multiple classification models achieving a **93% deployment accuracy**.

Python, PyTorch, scikit-learn, Pandas, NumPy, SciPy, Matplotlib, Seaborn

APLM, *Full-Stack Developer (jeKnowledge)*

- Built a gamified platform rewarding users for **collecting marine litter on beaches**.
- Integrated a **computer-vision validation system** to verify uploaded photos and automatically award points.

React, TypeScript, SCSS, Django, Python

jeKimpact, *Project Manager (jeKnowledge)*

- Built a platform for NGOs and nonprofits to **submit pro-bono project proposals** to jeKnowledge.
- Developed an internal system to **review, categorize and evaluate submissions**.

React, TypeScript, Tailwind, shadcn/ui, Django, Python, Scrum, Agile, Git

TECHNICAL SKILLS

— **Programming Languages:** Python, C, Java, SQL, JavaScript, TypeScript

— **AI, Machine Learning & Data Science:** PyTorch, scikit-learn, NumPy, SciPy, Pandas, Matplotlib, Seaborn

— **Web Development:** React, Django, Tailwind CSS, SCSS, shadcn/ui

— **Tools & Databases:** Git, Docker, PostgreSQL, Linux, Selenium, Agile, Scrum

LANGUAGES

Portuguese — Native

English — C1
(Cambridge CAE)

ACTIVITIES & ACHIEVEMENTS

Communication Management (1 Year), *Department of Informatics Engineering Student Union*
Supported communication and corporate outreach for major university tech events, including the “Now What?” career fair and Coimbra Blockchain conference.

Classical Piano (9 Years), *Colégio de São Teotónio*
Second place at the "*XVIIIème Concours International de Piano"* at *Conservatoire Russe Alexandre Scriabine* and other national piano competitions, both solo and 4-hands.

Competitive Canoe Polo (10 Years), *CFC*
Second place at the National Championships.
